

TRUSTILE[®]
A MARVIN[®] BRAND

THE EXCEPTIONAL ENTRANCE
DRIVEN BY DESIGN[®]

THE TRUSTILE STORY

Since 1995, TruStile has led the way in design-driven interior doors, enhancing custom homes all over the United States.

After years of collaboration with our parent company Marvin, we're bringing our mission for inspiring design to the front of the home.

The result is an extensive Entry System offering that is unmatched, easy to specify and backed by industry-leading quality. Make the entry to

your new home a most welcoming invitation with TruStile.

THE DESIGN FLEXIBILITY AND PRODUCT
EXCELLENCE
BREADTH WE PIONEERED FOR THE INTERIOR
IN ENTRY
OF THE HOME IS NOW READY TO CREATE
SYSTEMS
THE MOST ENCHANTING ENTRANCES.

TRUSTILE ENTRY SYSTEMS

ORGANIZED

SIMPLIFIED

CUSTOMIZED

Wood is a natural product and the finish and color will vary depending on the wood species and lighting on the job site. The images printed within this catalog are a representation of TruStile species and stain colors and do not replace seeing the stain and wood samples in person. Please visit your local TruStile dealer to request a factory finished stain sample.

See page 11 for product specs.

TRUSTILE ENTRY SYSTEMS

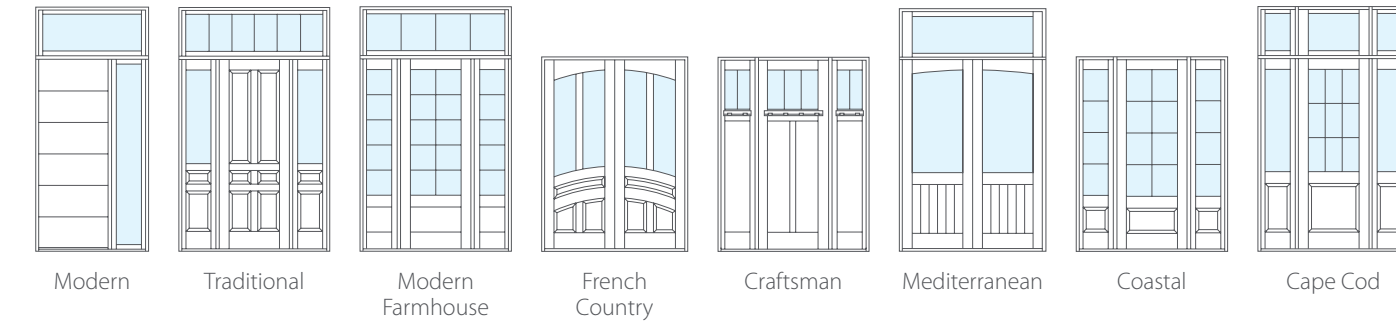

Two Ways to Create Your Entry System

Select From Our Featured Entry Systems

We've created over 80 featured entry systems that capture the current trends of popular architectural styles. Start with the style most closely matching your vision for your home and tailor it to match your tastes and requirements.

Select From Over 80 Featured Entry Systems

See all options in each architectural section.

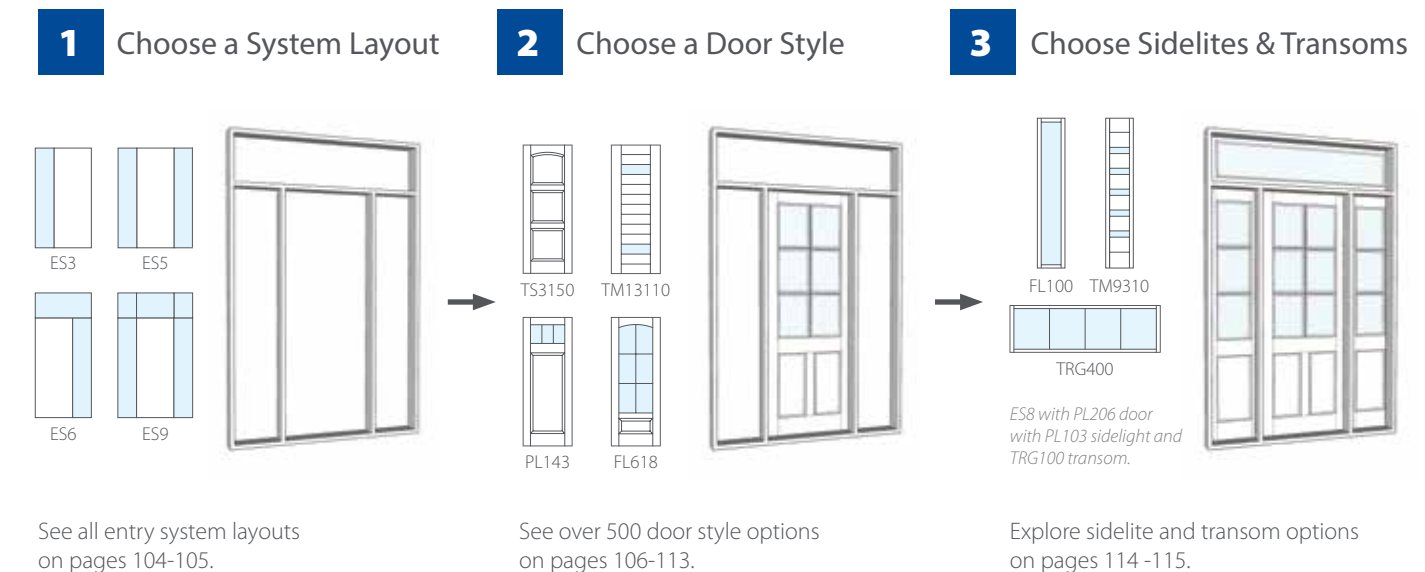

Take your selection to your local dealer to finalize details such as materials and wood species.

Or Build Your Own Entry System

Designing your custom entry system is now as easy as 1, 2, 3. Select from over 500 door styles and endless design options. Then finalize the details to your exact specifications.

Our Door Design Tool lets you configure every detail of your entry system online. Save your projects and get connected with a local dealer for budget numbers.

Start designing at trustile.com/designtool.

Find a dealer near you at trustile.com/dealers.

Profile Options and Construction

Years of testing through our partnership with Marvin has resulted in an entry system product engineered to last. We utilize cutting edge materials like Tricoya® MDF which is the most stable exterior MDF available today.

Exterior Wood Doors with Rim-Raised Panel

Tricoya® is a high-performance MDF panel product. It demonstrates outstanding durability and dimensional stability in the most extreme and challenging environments, including exterior, interior, wet, and high moisture applications. The product uses proprietary acetylated wood technology and a modified MDF manufacturing process to create a wood panel product with outstanding durability and stability.

*Also available as Bladder Pressed

Stain Options

Choose a premium hand-wiped finish to accentuate the natural beauty of our wood doors.

	Amaretto	Bleached	Cameo	Cappuccino	Caramel	Champagne	Cinnamon	Ebony	Espresso	Grey Mist	Hazelnut	Honey	Nutmeg	Slate	White Haze
MAHOGANY															
CHERRY															
CLEAR PINE															
DOUGLAS FIR															
SELECT ALDER															
WALNUT															
WHITE OAK															

For White Oak: Choose rift sawn, plain sawn or quarter sawn.
Plain sawn White Oak shown.

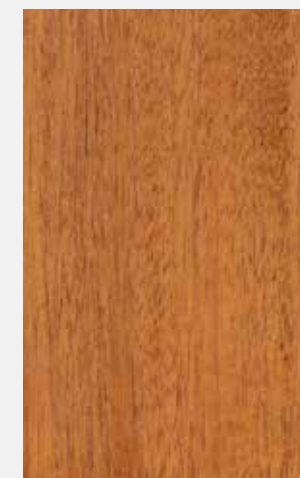

The color of the finish can vary depending on the color of the wood, lighting on the job site, and natural exposure to oxidation and sunlight. To get the best example of the stain color on a specific species, please visit your TruStile dealer.

Accommodates screen door applications

Single Rabbet Frame with 6-9/16" Uniframe Mull Posts

Overhang Requirements

Minimum overhang must project out at least half the distance from the bottom of the door to the base of the overhang and at least 3 feet beyond each side of the entry system.

Industry-Leading Warranty Coverage

TruStile's Wood Entry Systems come backed with industry-leading warranty coverage. Door systems that are factory finished by TruStile are warranted to be free from manufacturing defects for 5 years from date of purchase. Door systems purchased raw and unfinished are warranted to be free from manufacturing defects for 3 years from date of purchase. Due to its aging characteristics, Alder door systems are warranted for 1 year from date of purchase.

Requirements for Warranty Coverage

Your TruStile Entry Door should be viewed as a piece of well-engineered fine furniture. Careful steps have been taken to design the product to perform in proper exterior openings. However, finishes and natural wood both weather and break down over time. This weathering process increases with greater exposure to the elements. TruStile Wood Entry systems, like those sold by other manufacturers, require proper overhang protection to meet warranty requirements (*see diagram to left for details*). Proper overhang helps to protect both the finish and the natural wood from moisture and UV damage. Even with proper overhang, the topcoat of any stained natural wood door must be inspected annually and reapplied during early signs of fading. Maintaining the topcoat will maximize the life of your natural wood door and is also required to maintain TruStile warranty coverage.
